

Western Canada's Largest Independent Supplier

SeeSnake® microDrain

32928 Introductory offer
\$2735.00

Inspection System

The new microDrain™ Inspection System represents a huge leap forward in small diameter drain inspection technology paired with the durability you expect from RIDGID®. The microDrain will allow you to quickly inspect places previously unreachable - providing true accessibility, increased efficiency, and reduced job time.

Small diameter and tight turn radius camera head gets you through many toilet traps and 1 1/4 lines.

Multiple monitor compatibility allows you to use the microDrain reel with your SeeSnake monitor or the microEXPLORER™ digital inspection camera.

Lightweight and compact unit allows you to easily stow and carry the camera in your truck and onto the job site providing solutions whenever and wherever you need them

Durable and reliable construction quality that you have come to expect from RIDGID® SeeSnake Name.
